Item 1.01 Entry into a Material Definitive Agreement.

On March 29, 2006, Natural Alternatives International, Inc., a Delaware corporation ("NAI"), completed certain amendments to its credit facility with Wells Fargo Bank, National Association. The amendments increased NAI's working capital line of credit from \$8.0 million to \$12.0 million, and allow NAI to borrow up to an additional \$2.5 million through May 31, 2006, pursuant to the terms of a loan commitment, for the purpose of providing NAI with additional working capital as may be needed for raw material purchases and other matters in connection with the fulfillment of orders from a new customer. Any borrowings by NAI under the loan commitment will bear interest at a rate equal to the Prime Rate or LIBOR plus 1.75%, as elected by NAI from time to time, and will be due and payable in full on May 31, 2006.

The amendments to the credit facility also included (i) an increase in borrowings against eligible inventory from \$3.0 million to \$6.0 million, provided the outstanding borrowings shall not at any time exceed eligible accounts receivable; (ii) a change in permissible accounts receivable concentrations to allow up to 35% from a new customer acceptable to Wells Fargo; (iii) an increase in our ratio of total liabilities/tangible net worth covenant from 1.25/1.0 to 1.75/1.0 through June 30, 2006 (the ratio returns to 1.25/1.0 from July 1, 2006 through June 30, 2007 and to 1.0/1.0 thereafter); and (iv) a change in the calculation of the fixed charge coverage ratio (aggregate of net profit after taxes, depreciation and amortization expenses and net contributions/aggregate current maturity of long-term debt and capitalized lease payments) to a rolling 4-quarter basis from each fiscal quarter end.
